EDMONTON, PEMBINA RIVER.

Bulletin News Service.

On Thursday, April 3, the commission of members for Edwile, took place. The following gentlemen were elected to the first council by acclamation: J. O. Edwile, chairman, J. V. Amos, J. F. Arthur W. Amos, J. P. secretary-treasurer. The office of the council are situated on King street at a subsequent meeting the councilmen got to work, and tenders were called to put in a culvert 40 feet wide at the junction of King and Main street, and clearing up stumps and grading the street. The contract was given to the firm of J. O. Edwile and others, and will be soon begun.

The water supply will be the next matter to be taken in hand, so that Edwile, and others, coming into the town will find ample water for their homes.

Upon the newly cut north road to the Pacific river district good supplies of hay and potatoes are coming in. Upon the completion of the road, a great amount of business is expected to come from the north, as the distance to make communication will be only 20 miles, instead of 70 miles.

A petition for a new short road to open up a summer road to Edwile for the home-landers situated in the southwest corner of the township will be sent to Mr. Gunn, the member for Lake St. Anne, to be put before the provincial parliament.

The new hotel will soon be completed. The river is rather late in breaking up this year delaying operations some.

Many buildings have been delayed owing to the shortage of lumber this winter. Although many thousands of feet have been landed in there has not been nearly enough to supply the demand.

A great number of people are passing through to the west and business is fairly brisk.

Some of the English service was held on Sunday evening last and a pretty number of persons attended. Edwile, April 27.

PEACE IN BUILDING TRADES IN CHICAGO

Only Two Minor Disputes Rattle the Whole Labor System of the City. Cab Drivers and Freight Handlers May Strike—General Wage Increases Made.

Chicago, May 5.—After a week's effort to secure individual signatures of their wage agreements, the building and cab drivers have called a special meeting tomorrow night to decide the date their strike will go into effect. The union voted April 29 to go on strike, but instructed their officers to first endeavor to get individual levies men and undertakers to agree to the new conditions. This is for a six day week at the same wages as now paid for seven days of eighty-four hours. A number of levies men and undertakers have agreed to the change. Tomorrow night's meeting will set the hour for going to the hour for strikes when the officers meet to discuss about 1,500 men are involved.

Freight Handlers May Strike. The freight handlers are taking a strike vote on the new conditions, roads to grant an advance in wages of two cents an hour to day men, \$5 a month to monthly men, and a one hour day for railway clerks. So far the vote favors a strike, but instructions will all be in by Thursday night when the result will be considered.

Peace in the building industry for the next two years is practically assured by an agreement reached yesterday with the grain levies and helpers, 1,500 of whom have been on strike since April 15. The agreement stipulates that the levies men will run from two to three years. The levies men will receive the highest wages offered in the industry when they will be paid 70 cents an hour.

MACHINES HANDLE THE GRAIN. C.P.R. Will Install Sacking Machine, to Chicago Cost of Handling At Least \$100,000.

Vancouver, May 4.—By introducing modern sacking machinery, the C.P.R. conveyor which will take the wheat as it is shovelled by power out of the freight cars in which it is loaded, will be built from Alberta, bound it to help about the same cost, but it will be built from the west and subsequently run up the filled sacks and carry them to the holds of waiting steamers, the C.P.R. will not only save the cost of the machinery, but will be able to make a material cut in the cost of handling grain. The conveyor as compared with the expense incurred in connection with the sacking machinery, which has been made last winter from this point to Liverpool.

POWER WITH RESPONSIBILITY. Italian Historian Deals With Difference Between Gods and Forces of Capital in America. Paris, May 4.—Observations on the United States by Giuseppe Ferrero, the Italian historian, who is appearing in the Folies Bergères, has attracted much attention. Signor Ferrero finds that the immense power wielded by the rich in America is due to their untrammelled activity, whereas in Europe, the state retains control of the enterprise.

The founders of the republic, Ferrero says, were imbued with the French philosophy of the eighteenth century and they could not foresee the formidable forces which would emerge from the development of the gigantic resources of the land. As a result, the American millionaire acquired responsibilities which in Europe fall upon the state, and with responsibility comes power.

"Owing to the weakness of the state in America all the superior intellectual and general life of the community, agriculture as well as religion, is generally under the influence of the wealthy classes. Yet this state of affairs, Signor Ferrero affirms, is not as pronounced as is believed in Europe. Where the difference between the state and the forces of capital in America are not understood."

AROUND THE CITY

LOCALS.

The Mistaken Chapter, regular of the Empire will have their monthly meeting tomorrow at seven o'clock at the home of Mrs. Anderson, Sixth street.

The Winnipeg exhibition which opens on July 10th and which is the first promises to be the best ever. The prize list which is now available shows \$40,000 in prizes and embraces a wide range of exhibits.

Red incandescent lamps, each of light candle power, have now been placed on the five alarm boxes of the city, which are readily distinguished at night. There are in all fifty-four fire alarm boxes.

Imperial South African veterans are requested to attend a meeting to be held at the Windsor Hotel, Friday evening at 7 o'clock, to consider the question of sending delegates to the forthcoming convention to be held at Toronto on May 12.

There will be a meeting of the executive committee of the local union of Christian Endeavorers on Thursday at 8 p.m. in the Y.M.C.A. hall. All members of the executive are particularly requested to be present at this meeting.

At the office of the Building Inspector this morning a permit for a \$5,000 residence on Sixth street, partly under the C.N.R. 6, H.B.R. The architect is F. A. Macdonald and the contractor is H. K. Macdonald. The cost is \$50,000.

Rev. C. W. Stamp, who is holding revival meetings at the Y.M.C.A. hall, is a very earnest and forceful speaker. His message is a good one, and those who desire to hear the plain old gospel should attend these services, which will be held at 8 o'clock each night except Saturday.

A fire call came in yesterday afternoon at 3:30 from box 27. The west end hall, responding to the call, found the alarm on the side of the hall. The fire was extinguished by the fire department. The cause of the fire was a gas leak.

There will be no meeting of the Caledonian Society this week, as arrangements have been made for the Board of Trade to hold a public meeting in the Separate School Hall on Thursday evening to meet a C.N.R. strike delegation. The regular business meeting of the society will be held on Thursday evening, May 13th.

The police have received several reports from Mrs. Adams, of Freshwater Bay, Isle of Vancouver, regarding the whereabouts of her son, Francis Edward Adams, who came to Alberta four years ago and was last heard from in Edmonton in June of last year. He was a young man of dark complexion and the chief of police would like to hear of any reports concerning him.

The death took place this morning, after a three months' illness, from complications following a spinal fever of Winifred Pearl Tait, aged 35 years, only daughter of Mr. and Mrs. J. Tait, 102 Fraser avenue. The deceased was a member of the St. John's High School until a year ago. She was also a member of Grace Methodist Church and of the R.W. League and Sunday school. The funeral takes place on Friday afternoon at half-past two o'clock.

The last of the social gatherings of the Maritime Club for the present season will be held next Tuesday evening in the Separate School Hall. The monthly meeting will take the form of a reception by the officers to the members and their guests from the Maritime Provinces. The next meeting will be the annual general assembly. It is proposed to hold a picnic during the summer months of which date will be given.

THE HIGH LEVEL BRIDGE.

F. W. Peters, assistant to second vice-president Whyte, who spent the week in Edmonton negotiating with the city council with reference to the entrance question, reached Winnipeg Sunday on return. Speaking to the press there, he said that the agreement reached that the city would build the bridge, but the approach would be made by the city.

It is expected that the engineers will complete their work on the plan in about a month. Mr. Peters and Mr. Bond will then return to Edmonton and the formal agreement will be signed. The Dominion government will contribute to the proportion of the cost which is not borne by the C.P.R.
